PROFESSIONAL SUMMARY

Dynamic and detail-oriented Software Developer with over five years of experience designing, developing, and optimizing software solutions. Skilled in full-stack development, machine learning, debugging, and creating scalable, high-performance applications. Adept at collaborating in cross-functional teams to deliver innovative solutions aligned with business objectives. Proficient in a wide range of modern programming languages, frameworks, and cloud services.

SKILLS

- **Programming Languages**

Swift, Python, PHP, JavaScript, HTML, CSS, SQL, C++

- **Frameworks & Libraries**

iOS SDK, Angular, React, Node.js, Django, Flask, jQuery, Bootstrap

- **Machine Learning**

TensorFlow, Keras, Scikit-learn, Natural Language Processing (NLP), Model Optimization

- **Databases & Cloud Services**

MySQL, MongoDB, PostgreSQL, AWS (S3, EC2), Google Cloud Platform (GCP), Firebase

- **Development Practices**

Object-Oriented Programming (OOP), Test-Driven Development (TDD), Agile and Scrum Methodologies, Version Control (Git, GitHub)

- **Debugging & Optimization**

Xcode, Chrome DevTools, Performance Optimization (Code Profiling, Caching, Minification)

- **Design Tools**

Figma, Canva, Adobe Photoshop

WORK HISTORY

Junior software developer (Machine Learning), 11/2023 - 11/2024

Pranic Evolutions - London

- Built and deployed machine learning models for predictive analytics and NLP tasks, improving system accuracy by 25%.
- Designed RESTful APIs to integrate ML models with web and mobile applications.

- **Enhanced performance by optimising data pipelines and reducing model training time by 30%**
- **Wrote clean, reusable, and well-documented code following industry best practices.**
- **Collaborated with cross-functional teams to enhance application scalability and improve user experiences.**

Software developer, 10/2016 - 10/2021

Mr. V Solutions - Anand

- **Designed and implemented new features, resulting in a 20% increase in system performance.**
- **Automated software maintenance workflows, reducing downtime by 15%.**
- **Collaborated with developers to ensure adherence to security standards during development.**
- **Provided technical support during design phases to ensure timely project completion.**
- **Conducted bug resolution using advanced debugging tools, improving system reliability.**

EDUCATION

Master's Degree: Software Engineering

University of West London - Ealing, Greater London, United Kingdom

Bachelor's Degree: Computer Engineering

Gujarat Technological University - Ahmedabad, Gujarat, India
